PROFILE

I'm Garvit Sharma. I'm pursuing BCA (Bachelors in computer applications) from IGNOU (Indra Gandhi National Open University)

I specialize in web development and love creating easy-to-use and attractive websites. Let's work together to make your online presence stand out!

I have a strong foundation in HTML, CSS, and JavaScript. I am skilled in developing responsive, user-friendly websites that meet industry standards and user needs

I am a quick learner passionate about staying up-to-date with the latest web technologies and trends. I have good problem-solving skills and enjoy collaborating with others to achieve project goals.

here are some projects on my GitHub profile: <https://sgarvit.github.io/>
